Valor sem Impostos	14.500,00 €
IVA 23%	3.335,00 €
Total	**17.835,00 €**

Project Description & Stages

This proposal covers delivering in-house training sessions in a face-to-face format. For face-to-face delivery, we prefer running full-day sessions.

SKOLAE FORMAÇÃO values holding a prep meeting with our academic coordinator and/or the trainer who'll lead the session. This helps us align expectations and lock in the learning path.

Class Size

We recommend limiting each class to 12 participants. It's the best way to ensure active learning, valuable knowledge sharing, and smooth time management.

ISTO NÃO É UM DOCUMENTO FISCAL

Duration

Each session's estimated duration is listed below, and we'll agree on dates and times together. For face-to-face training, you'll choose the venue. If you prefer, we can host the sessions at SKOLAE FORMAÇÃO (room rental and coffee break costs will apply).

VAT at the legal rate of 23% will be added to the price. This proposal's valid until september 2026.

We plan in-house training projects across 3 stages:

- **Stage 1** – Project Preparation: We'll hold a prep meeting with your team's key players to map out the final program and
- session plan. We'll also build or select the exercises, role-plays, and activities that best match your training goals.
- **Stage 2** – Execution: We'll deliver the training in the format, location, dates, and times we agree on together.
- **Stage 3** – Project Close-out: We'll hold a wrap-up meeting to deliver the training file and SIGO certificates under DGERT
- accreditation guidelines. During this meeting, we can also discuss follow-up options or next steps to reinforce skills and
- boost performance.

Trainer Travel Expenses (Outside Greater Lisbon)

If sessions take place outside a 50 km radius from Lisbon, travel costs will be billed as follows: per kilometer based on the official legal rate set by the government at the time of the training (currently €0.40/km). Any accommodation and meal costs for the trainer during sessions outside Lisbon will also be billed upon receipt submission. In these cases, SKOLAE FORMAÇÃO will give you the exact estimate for travel and other expenses beforehand
